

LCZ-UC04S-IN Ceiling loudspeaker 4W, splash proof

- ▶ Compact yet powerful
- ▶ Modern unobtrusive styling
- ▶ Installation friendly
- ▶ Splash-waterproof

The LCZ-UC04S-IN is a compact, 4 W loudspeaker with a circular plastic grille. It has excellent audio performance and is easy to install with its integral mounting clips. The loudspeaker is IPx4 water protected from the front so it can be installed in humid environments.

Functions

The LCZ-UC04S-IN has a perforated plastic grille, finished in an attractive off-white color. The unobtrusive styling of this loudspeaker complements today's interior lighting.

The loudspeaker (with special treated paper cone) is IPx4 water protected from the front and can be applied in humid environments, for example in bathrooms, saunas, atriums and swimming pool areas.

The loudspeaker has been tested for operation at rated power for 100 hours in accordance with IEC 268-5 Power Handling Capacity (PHC) standards.

Installation/configuration notes

Installation is easy with integral clips that securely hold the ceiling loudspeaker in its cut-out. Ceilings from 9 to 25 mm thick can be accommodated. The line matching transformer mounted on the ceiling loudspeaker can be tapped for nominal full power, half power and quarter power radiation to adjust in 3dB steps.
