

NBA-7070-PFT Polarizing filter kit IK08 tele

- ▶ Compatible with DINION 7100i IR tele variants
- ▶ Manually adjustable polarizing filter
- ▶ Reduced reflections and see-through glass surfaces

The polarizing filter kit provides clear imaging for scenes with reflections or reflective surfaces.

Functions

Manually adjustable filter

The filter is manually adjustable, for each scene it has to be rotated to the position where reflections on the object of interest are minimized. The polarizing filter kit is only available for DINION 7100i IR tele variants.

Regulatory information

Standards	Type
-----------	------

NBA-7070-PFT is compatible with DINION 7100i IR tele variants:

- NBE-7702-ALXT
- NBE-7703-ALXT
- NBE-7704-ALT

NBA-7070-PFT is not a part of the UL listing of compatible devices.

When NBA-7070-PFT is assembled to one of the compatible devices, the front window has an impact protection of IK08. The other parts of the device remain IK10-compliant.
