Low. Advisory.

Issue

The instructions included in the Quick Installation Guides with reference numbers F01U434526_01, F01U434527_01, and F01U434528_01, which are included in the box with the product, indicate that the allowable temperature range is -20°C to +55°C.

The correct listed temperature range for Europe is -10°C to +55°C.

Resolution

The next revision of the products' Quick Installation Guides will correct the temperature range to -10°C to +55°C.

Workaround

The product shall be installed within the tested operating temperature range of -10°C to +55°C, as approved by our European regulatory agency.
